Curriculum that ignites!

Network for Teaching Entrepreneurship (NFTE) presents **Start It Up!**—skill-building curriculum and services driven by a work-based learning model. Tailor the 35-hour course for focused entrepreneurship exploration or embed it across disciplines.

Learners beyond high school (in postsecondary and other settings) discover best practices via 14 engaging modules that guide them step-by-step—from business idea to business launch!

NFTE curriculum propels my students in the correct direction and allows them to build dynamic skills.”

—Kevin Raiford
Business Professor,
College of Southern Nevada

EMPOWERED TO OWN THEIR FUTURE

Start It Up! students ...

- 🏠 Explore the entrepreneurial mindset and core entrepreneurial traits
- 🏠 Enjoy hands-on assignments, interactive quizzes, embedded articles and videos, and templates for business deliverables
- 🏠 Think creatively about leveraging skills and talents to create a new business or level up a side hustle
- 🏠 Refine business ideas and initial planning to viable concepts with executable next steps
- 🏠 Gain the knowledge and tools to act entrepreneurially in business and in a global career market that values innovation and problem solving.
